

Magic BirdsToken

WHITEPAPER

INTRODUCTION TO MBT

**We aim to develop technology for the protectors
and conservationists of endangered bird species
around the world.**

INTRODUCTION TO MBT

Magic Birds Token to flourish as a 100% community-driven project with markedly engaged holders and rapid growth on a daily basis.

INTRODUCTION TO MBT

Released July, 2021 on the Binance Smart Chain network, the Magic Birds Tokenproject has been Iteratively built and Improved upon by volunteers within the community since its Inception. Graphic designers, writers, web developers, Influencers, marketers, data analysts, translators, and more have contributed their talents to help Magic Birds Tokengrow Into an Inspirational model of community-driven success.

INTRODUCTION TO MBT

The project has become a unique social experiment in which the investors are integrated into the project both from a community and developmental standpoint. With so much progress achieved by its community in such a short amount of time, Magic Birds Token stands as a solid milestone in this progressive, exciting age of the Social Blockchain.

Automatic Liquidity Pool (LP)

MBT

- **Automatic LP: Every trade in the protocol provides automatic liquidity to multiple pools used by exchanges. This system; It is used to support decentralized lending, trading and different investment functions.**

Automatic Liquidity Pool (LP) MBT

Automatic LP is the secret sauce of MAGIC BIRDS TOKEN. Here we have a function that acts as a two-fold beneficial implementation for holders.

Automatic Liquidity Pool (LP) MBT

First, the contract sucks up tokens from sellers and buyers alike, and adds them to the LP creating a solid price floor.

Automatic Liquidity Pool (LP) MBT

First, the contract sucks up tokens from sellers and buyers alike, and adds them to the LP creating a solid price floor.

Automatic Liquidity Pool (LP) MBT

When MagicBirdsToken tokens are used, 10% transaction fee is deducted, this is deducted from every MagicBirdsToken transaction. 5% of the total transaction fee is distributed to other MagicBirdsToken holders,

Automatic Liquidity Pool (LP)

MBT

the other 5% is sent to the liquidity pool. Thus, while MagicBirdsToken rewards those who do not sell tokens, the token burns coins every time it is sold. Holders are rewarded with this transaction..

Automatic Liquidity Pool (LP)

MBT

**The system, called static rewards,
promises long-term earnings to
token holders**

- **RFI Static Reward Mechanism:
MBT**

Asset holders earn passive returns when they keep their Magicbirds token Coin balance in the wallet indefinitely. The Static Reward Mechanism is a feature that reduces the sale of assets and thus helps to achieve price stability.

- **RFI Static Reward Mechanism:
MBT**

**The fact that users prefer to hold their
assets instead of selling them helps
Magic birdstoken reach a stable price.**

Security MBT

Magic Birds Tokens safe by design. It Is an ownership-renounced token with each buy and sell automatically contributing to a liquidity pool that Is locked forever. Furthermore, half of the total supply was burnt Into a dead address In the project's beginning.

Security MBT

It Is Impossible to modify Magic Birds Token's contract, and It Is Impossible to pull liquidity from It. The team behind Magic Birds Tokens is a fully volunteer team.

Helpful Notes

MBT

Dead address - Address that has no one has any control or access to essentially 'dead'

Helpful Notes

MBT

Liquidity pool - A pool of paired tokens that can be swapped between each other. In the case of MBT/WBNB, MBT can be swapped for WBNB and vice versa.

Helpful Notes

MBT

0x00000000000000000000000000000000
0000000000000000dead

Transparency MBT

**Transparency Is one of the Magic Birds
TokenTeam's highest
priorities. New volunteers are frequently added
Into the Magic
Birds TokenTeam to ensure community
representation,**

Transparency MBT

**and
community voting is regularly
conducted to help decide the best
direction of the project**

Transparency MBT

For example, community votes have been taken on how to allocate funds, which exchanges to focus on, which shelters to donate to, and even which logo to use for the Magic Birds Token. The Magic Birds Token Team hopes to evolve this into a governance system based on MBT holdings.

Community Wallet MBT

As a community-driven project with no dev wallets, the Magic Birds Token Team opted to create a community wallet that members can donate to in order to further build the project. The community wallet has multi-sig protection, making it so multiple people are required to approve any transaction.

Community Wallet MBT

**All of the community wallet activity
can be viewed publicly , and every
transaction is made exclusively to
benefit the project.**

Tokenomics

MBT

**1,000,000,000,000,000 Initial
total supply**

- **40% of the total supply burnt & sent
to a dead address prior to release**

Roadmap MBT

Our Main Road Map

Magic Birds Token appeared as an idea on 01.11.2021. As of this date, the road map is as follows.

January 2021

Magic Birds Token idea
came up

Research has begun

February 2021

Website design and
Branding process

That best describes the project was made

Roadmap MBT

March 2021

Social media channels

Determined how we will use social media channels

April 2021

Developers consulted

Decisions were made on how to proceed with the software.

Roadmap MBT

May 2021

The opinions of the people
were taken

The shortcomings of the project were identified

June 2021

Test phase started

Test phases completed successfully

Roadmap MBT

May 2021

The opinions of the people
were taken

The shortcomings of the project were identified

June 2021

Test phase started

Test phases completed successfully

Roadmap MBT

July 2021

Magic egg cracked

04.07.2021 the egg is cracked and the magic birds are born

August 2021

Token burn plan

Regular token burn plan has been made

Roadmap MBT

September 2021

Listing plan on the Exchange

Entering service on different exchanges

October 2021

Announcing technology for magic birds

Announcement of the project we are currently
developing

Roadmap MBT

November 2021

Symposium

Gathering with friends of all Shirli birds around the world.

December 2021

Christmas surprise of magic birds

Wonderful surprises for holders of magic birds
